

I've attached all that you need to organize your Come Read with Me session:

- Letter to principals
- Outline of session
- Invitation to session
- Template for letter to employers

A few tips for a successful session:

- Involve your grade 1 teachers (You can request a package for your school prior to the session so they can see what it is about)
- Remove barriers to participation - offer childcare, letter to employers
- Follow up with parents by phone, if possible
- Ask you PAC to sponsor the \$5 per child cost (can use gaming funds for parent education)

Looking forward to it.

Thanks
